

Finnigan's Wake is committed to making your catered affair one to remember, be it a simple fund raiser or the wedding of a lifetime. You can choose the Franklin Room (our main catering hall), the Quiet Man Pub, or the Lincoln Level for a more intimate event. The uniqueness of Finnigan's Wake is that your guests will be able to stay and party long after your event has ended.

A 7% tax is added to the price of every catered event. We have Eliminated our 18% service charge. There is now a flat charge of \$60 per bartender and \$60 per server for every three hour event. This permits you to staff according to your budget and the requirements of your party. 1/3 down (with a minimum of \$300) is required to reserve your room with the balance due thirty (30) days prior to your event in cash or certified check together with your guaranteed count. Failure to make your final payment or to comply with your payment schedule could result in its cancellation at the discretion of Finnigan's Wake. A nonrefundable cancellation fee is applicable, based on the timing of the cancellation and our ability to schedule another event in your designated time. Liability and insurance concerns prevent the serving of "homemade" food.

It is your responsibility to carefully estimate the count for your event, especially for fund raisers, as we will make food sufficient for your estimated number of guests. It is equally important for you to staff it appropriately as you will be determining the number of employees (with our suggested staffing). Entertainment is also your responsibility. Fund raising packages require appropriate documentation.
